Dear Mr. Lamoreaux:

Thank you for the timely submission of the modification for your Plan of Operations in Butler Valley, Utah. Mr. Powell has reviewed the plan modification and identified a few important items that must be included in order to properly cover surface disturbing operations. Mr. Powell will contact you and work with you on the specific information that must be included in your plan as required by 43 CFR 3802.1-4. After the corrections have been made, the Plan will need to be resubmitted for review. Until acceptance of the new Plan, you may continue to work within your active claims under the scope of the existing plan.

Sincerely,

Marietta Eaton  
Cultural and Earth Science Division, GSENM
